## **NEWS FROM THE BUTTERCROSS HEALTH CENTRE**

The Patient Participation Group are continuing to champion the patients' needs and are delighted to report that the health centre has now employed an Emergency Care Practitioner (ECP). The Health Centre reports to us:

"As I am sure many of you have seen in the news recently, the demand on our local hospitals is increasing. As a result Buttercross Health Centre, in collaboration with Symphony Healthcare Services have been coming up with new ways of assessing, treating and supporting our patients within the community.

Over 30% of the patients registered to Buttercross Health Centre are over 65. Many of our patients have complex needs and multiple chronic conditions. These patients often require more support and intervention. At present the surgery has many home visits as a lot of our patients are too unwell or frail to make it in to the surgery. In order to support these patients, the surgery have recently taken on a paramedic, Vanessa, who has hung up her blue lights, will be relieving the strain on GPs and assisting them with home visits. We hope this will provide much needed support to our housebound patients and improve their access to healthcare.

Currently home visits are undertaken during the lunch break by GPs but with the addition of our new paramedic we hope to provide these appointments throughout the day. Our paramedic will only be doing home visits, due to her experience of working in the community and treating acute patients. In addition to her lifesaving skills, she is able to assess and treat minor injuries and illnesses in your home. If required she will be able to make appropriate referrals to other health care professionals, avoiding the need for a trip to hospital. She will also be working closely with our health coaches to provide a holistic approach to your care.

## **WEST STREET, SOMERTON - ONE WAY?**

In the interests of pedestrian safety SCC will shortly decide on whether West Street, Somerton's high street, should become a one-way thoroughfare running from east to west ie from the Market Place. You will be consulted on your views before any final decision is made.

## **WORKING TOGETHER FOR A BETTER TOMORROW**

Thanks to the tireless efforts of our Somerset County Councillor, Dean Ruddle, and King Ina Academy's Headmaster, David Norton, together with the unstinting support of our Conservative Member of Parliament for Somerton & Frome, David Warburton, plans are well advanced for a £7m investment in a new much enlarged School Campus on a 6.5 acre site in Somerton to bring our Junior/Infant schools under one roof with the potential to meet an ever growing entry level and aligning this with smaller class sizes to better meet the individual needs of our young in Somerton and neighbouring villages and parishes. "The Conservative-led Somerset County Council is being extremely helpful". David Norton, King Ina Academy, Somerton.

**AS YOUR SOMERSET COUNTY COUNCILLOR

Furthermore our paramedic will be collaborating with Wessex House to develop care plans and treatment escalation plans (TEP) for our patients. TEPs outline a patient's treatment and health needs if they become unwell. Eventually we hope to create these plans for all our patients with complex health needs."

Look out for our monthly update in the Viaduct from the PPG to keep all our patients informed of news from the Buttercross Health Centre.
